1   **Risk:** Technology Risk

Assignee: Tanishqa (Product Manager)
Consequences: Duplicate work if using both OS
Run into compatibility issues of different OS
Likehood: High
Impact: High
Priority: 1
Response Plan: Talk to client and ask her to choose or prioritize one OS

2   **Risk:** Sick Leave

Assignee: Tanishqa(Product Manager)
Consequences: Given a small team, if someone falls sick, work will delay
Likehood: Low
Impact: Medium
Priority: 3
Response Plan: Shift timelines if needed
Or use contingency fund and add additional resources.

3   **Risk:** Competition

Assignee: Tanishqa(Product Manager)
Consequences: In case someone else launch similar application before or just after
launch of our application.
Likehood: Low
Impact: High
Priority: 3
Response Plan: Need to do Market Research about the similar launch of the product.
Keep a stab on market of the product.

4   **Risk:** Unforeseen calamities

Assignee: Tanishqa (Product Manager)
Consequences: In case of any calamities like covid-19, if any employee cannot
contribute or not able to efficiently convey themselves then progress will slow down and may
have severe effect as team is small
Likehood: Low
Impact: High
Priority: 3
Response Plan: Arrange frequent one-on-one sessions to know the employee's problems
Arrange team collaboration game meetings or discussions to enhance team bonding
